

Fujitsu Asia Pte Ltd achieved ATP – Cisco Telepresence in Singapore

Singapore, January 16, 2007 — Fujitsu Asia Pte Ltd earned the designation of Cisco ATP (Advanced Technology Program), Cisco Telepresence partner in Singapore by meeting all ATP program requirements and criteria. This makes Fujitsu Asia one of two certified Cisco Telepresence partners in Asia. Increased Cisco sales and support capabilities within the organization were ensured to properly sell, design, install and support the ATP program related technology and products.

This outstanding accomplishment bear testimony to Fujitsu's developed expertise in complex networking technologies. Fujitsu Asia will continue to collaborate with Cisco to further develop and enhance mutual capabilities and support for the benefit of their customers.

Fujitsu Asia Pte Ltd is listed as an ATP (Cisco Telepresence Partner in the Cisco Partner Locator) at: http://tools.cisco.com/WWChannels/LOCATR/jsp/partner_locator.jsp
